### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: the claimed invention including a heating chamber for drying, a carrier means or pallet for holding a plural number of photo receptors and any one of the following features: first and second magnetic drive loops mounted for movement externally along first and second side walls respectively, each first and second magnetic drive loops including first magnetic elements inducing magnetic forces through the first and second side walls into the heating chamber, first and second movable magnetic drive belt assemblies mounted externally and respectively of the first and second side walls of said drying oven assembly, each of the first and second movable magnetic drive belt assemblies including magnetic elements for coupling respectively with a first magnetic member and with second magnetic member for moving the pallet, thereby moving the pallet and plurality of photoreceptors therein in a non-contacting, contamination-free manner through the heating chamber, and first and second magnetic drive loops mounted for movement externally along first and second side walls respectively, each first and second magnetic drive loops including first magnetic elements inducing magnetic forces through the first and second side walls into the heating chamber is not found in the prior art either singly or in combination. These considered patentably distinct features are found in independent claims 1, 10, and 14. The closest prior art is considered reference A, cited in this action, but does not include the features discussed above. Other prior art references cited in this application may contain one or more of the claimed features,

but examiner finds no motivation to combine those references to obviate the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen Gravini whose telephone number is 703 308 7570. The examiner can normally be reached on normal weekday business hours (east coast time).
